Members with wood specimens and books for sale

I have boxes of scraps for those who make and sell wooden jewelry. I will pay postage. Once you have received the wood, ask me for the cost of postage. Look it over. Whatever you think the scraps are worth, send a check for that amount to IWCS Secretary-Treasurer and may include the cost of postage. Let IWCS have the benefit from a couple bucks contribution.

I grow trees on my farm and own a small sawmill. I'm really looking for regular users of wood, rainforest species, especially Australian Red Cedar and others, Hoop Pine and a few Eucalyptus, but I can also supply some unusual species to wood collectors. Many of these trees I have planted myself.

I inherited quite a few pieces of wood from my father-in-law, Harold Seekins, whom some of you may remember. A number of boards of various sizes, from 0.5" to a slab about 5" thick (cherry, walnut, elm, maple, cedar, and oak), 30+ turning pieces, again of various sizes (mostly boxed), and other odds and ends. The whole amounts to about a pickup truck load. If feasible, i.e., if someone can pick it up, I would donate it to IWCS to be auctioned off at one of your meetings. If not, I am willing to give any or all of it to any IWCS member who can come for it. I live in Clinton, TN which is a short distance from Knoxville. **Contact Gene Spejewski**, e-mail Spejewski@comcast.net or phone (865)463-0447.
