Members with wood specimens and books for sale

I have boxes of scraps for those who make and sell wooden jewelry. I will pay postage. Once you have received the wood, ask me for the cost of postage. Look it over. Whatever you think the scraps are worth, send a check for that amount to IWCS Secretary-Treasurer and may include the cost of postage. Let IWCS have the benefit from a couple bucks contribution.

I grow trees on my farm and own a small sawmill. I'm really looking for regular users of wood, rainforest species, especially Australian Red Cedar and others, Hoop Pine and a few Eucalyptus, but I can also supply some unusual species to wood collectors. Many of these trees I have planted myself.

I am looking to sell my ruler making business. I have been making wooden rulers out of Australian and Tasmanian woods for 20 years now and it's time to hand over to someone else. I have lots of tools, jigs, materials and equipment and I think it's worth \$2000. I'd be prepared to teach the buyer and give them all my contacts and expertise.
