

A tribute to Frank Lynn and the Spruce Goose

Thanks for publishing the *Spruce Goose* article. In July 2002 Frank Lynn and I had an exclusive tour through the plane. Frank and I became friends after the Australia meeting and tour. Frank was a very respected IWCS member for a very long time. Most travelling IWCS members do know him. He was a very good auctioneer.

When I visited Frank in 2002 we had a long and interesting 'timber trail tour' along the west coast. Unfortunately I never finished the article about this tour.

Maybe the picture can be placed as a tribute to Frank. The other picture shows the inside of the *Spruce Goose*.

met vriendelijke groet,
Tjerk Miedema.
